Upcoming | The MadDness of Trump! Closing Events

High Line Open Studio patrons were invited to create their own MadDness Masks inspired by Rodney's newest work.

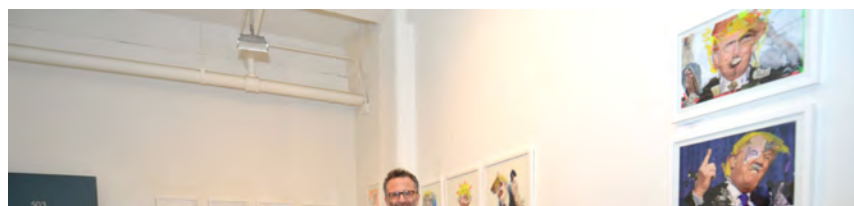

Another highlight from the event is the *Disfashionate* series, shown above

Rodney's current body of work, *The MadDness of Trump!*, debuted this past weekend at the High Line Open Studios in the West Chelsea Arts Building. We had a great turn out to the Open Studios, with over 250 visitors over the weekend. Guests were invited into Rodney's studio to check out his new work, and tap into their own creativity by creating a MadDness Mask!

The event was so successful, we have decided to leave Rodney's show up for two more dates. So, mark your calendar for **Saturday, March 19th 2-6PM** and **Thursday, March 24th 6-9PM**.

Saturday March 19th we will have the doors open and welcome you to stop by and have a look, while Thursday March 24th will be a more formal closing event.

All of *The MadDness of Trump* works will be reduced in price by 20%, and we will have a giveaway of two smaller works from Rodney's portfolios. We will pick one winner from Instagram, and one winner will be a new E-News member from our Open Studios and closing events. There will be more details about our giveaway in the upcoming invitation to those closing events. So stay tuned!

Events | Postcards from The Edge: Visual AIDS

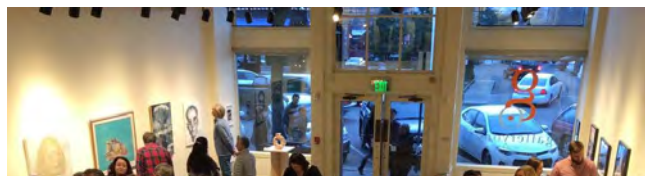

In January, Rodney contributed artwork to the annual Postcards from The Edge show, a benefit for Visual AIDS. The opening was a huge success, with lots of exciting people and artwork to be seen. The fundraiser raised around \$113,000 this year!

"Since 1998, Visual AIDS has produced the annual Postcards From The Edge exhibition and benefit sale of original, postcard-sized works on paper by established and emerging artists.

Known within the art world as the most exciting and affordable way to add to a collection, Postcards From the Edge offers a unique opportunity for buyers to acquire original, postcard-sized artwork for ONLY \$85 EACH. Offered on a first-come, first-served basis, each piece is exhibited anonymously, and the identity of the artist is revealed only after the work is purchased. With the playing field leveled, all participants can take home a piece by a famous artist, or one who's just making their debut in the art world. Nonetheless, collectors walk away with something beautiful, a piece of art they love!"
