Events | Studio Blue Gallery

In September, Rodney had the pleasure of showing his work at the [Studio Blue Gallery](#) in Charlottesville, VA.! Rodney's solo show, *A mix of many things*, opened on the 17th in conjunction with the gallery's inauguration. Over 40 guests viewed Rodney's artwork, enjoying light refreshments. His pieces will be on view here until early December. If in Virginia, be sure to check them out!

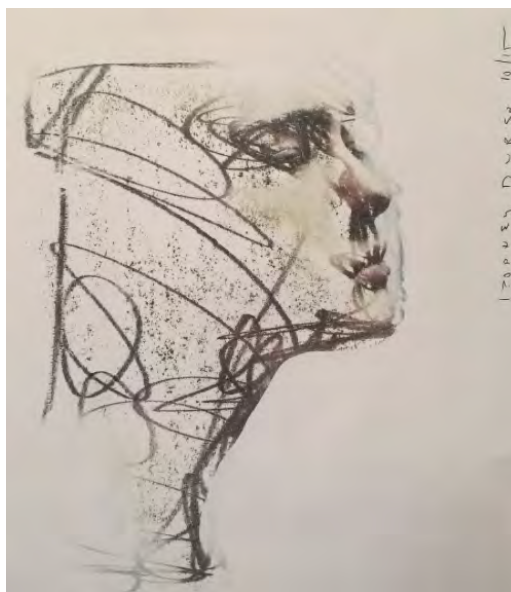

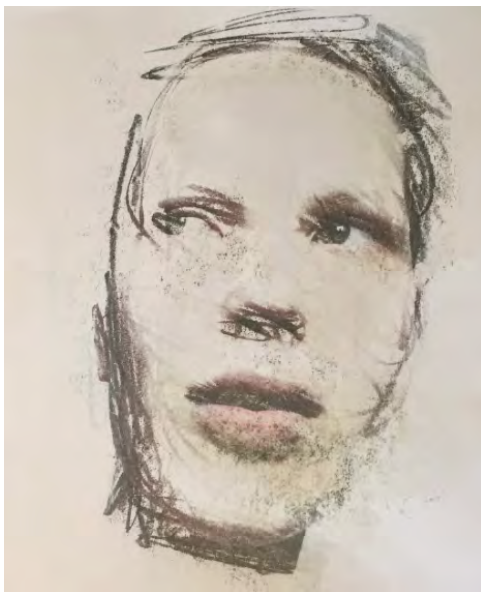

Around Town | London Terrace

Rodney's original artwork can be seen in the rental offices of the London Terrace apartment buildings on West 23rd Street in Chelsea! These paintings were created while looking out of his old casement-style windows, which seemed fitting for this space. He is continually seeking out collaborations and opportunities to share his work in his Chelsea neighborhood!

What's On The Wall? | In the Studio

Rodney continues to experiment with photo transfer and collage. His recent series, *#disfashionate* has been grabbing attention. Whether simple and delicate transfer-only works on paper or the addition of magazine cut-outs, this new style is making statements.
